

Access to State Government Information Initiative Update

Clearinghouse Advisory Committee Meeting
February 7, 2007

Step 1: Locate and Gather Digital State Publications

➤ Submission Tools

- Digital Drop Box
- FormRouter.Net
- E-mail

➤ Harvesting Tools

- Capturing E-Publications (CEP)
- [Archive-It](#)
- [Web Archives Workbench \(WAW\)](#)
- Washington State Harvester

➤ Digitization of paper copies

Step 2: Store and Provide Access to Digital Publications

➤ Digital Repositories

- ENCompass
- CONTENTdm
- OCLC's Digital Archive

➤ Access Mechanisms

- Web Interfaces
 - [NC State Government Web Site Archives](#)
 - [CONTENTdm Web Interface](#)
- Catalog Records
 - [Web Archives Workbench/Digital Archive](#)

Step 3: Preserve Digital Publications and Analyze Success

➤ Preservation

- Repository
- Redundancy
- Data Migration

➤ Analysis

- Verification of Collection Completeness
- Usability Studies
- Validation of Data Integrity

Challenges

- Filling Open Positions within Digital Information Management Program (DIMP)
- Building Relationships with Agency Personnel
 - Identifying and Educating Content Creators
 - Identifying Comprehensive List of Publications and Where to Find Them
- Lack of Information Technology (IT) Support
 - Limits Options with Respect to Tools
 - Limits Access Options

One More Challenge:

Keeping up with technological advances

Public Policy:

10 mph

Management
and Culture:

1000 mph

Technology:

10,000 mph
